Number of Steps ->	Two Steps	Two Steps	Two Steps	Two Steps	Two Steps	Two Steps	Two Steps
Vision Correction 6/6							
Safe & Reliable							
Astigmatism (Mix number correction)							
Sharp Vision better than 6/6							
FDA Approved Techlogy							
Customized to Every E							
Advanced Aspheric Benefits							
Topography-Guided							
Visual Axis Treatment							
Corneal Irregularities Correction							
Complete Optical Path Measurement (Extra							
Sharpness)							
Halos, Glare, Starburst	Higher Probability	Higher Probability	Higher Probability	Less Probability	Higher Probability	Less Probability	Less Probability
Depth & Color				Sharp & Better			Sharp & Better
Better Night Driving							
Better Near Vision							
Corneal Tissue Saving Correction							
100% Blade Free							
100% Flap Less Techlogy							
Flap dislocating or folding Issue							
Ultra Thin Flap (90 Micron)							
Faster recovery and improved vision							
Less Dryness							
Better strength of cornea							
Higher number correction							
Re-Lasik (Depend Upon Remaining Thickness)							
Discounted & Guaranteed Lowest Rates
